

Vario-Giraffe® wall and ceiling sander

- VV electronic control: controlled constant speed, soft-start, overload protection and speed selection with adjuster wheel
- Using a unique telescopic system, the Vario-Giraffe® adapts to your needs. Length adjustable from 1330 mm - 1730 mm. Open telescope lock lever, pull out handle and close lever. Handle rotates through 360°
- Adjustable locking screw for telescopic extension
- Ergonomic design with many different handling possibilities for fatigue-free working. The motor is always kept between the gripping positions, ensuring a perfect balance
- Fitted with interchangeable heads that are attached and removed with a click.
- Including triangular sander head. This is optimally suited to sanding corners and edges.
- The random orbital movement of the sanding head takes the abrasive right up to the edges
- Backing pad with hook and loop face
- The articulating sanding head can be adjusted to every tilt and angle.
- Vacuum cleaning system: guard with a brush ring, flexible suction hose from the sanding head to the guide tube. Connection facility at the rear of the telescopic tube for FLEX industrial vacuum cleaner, models S 36, S47 and S 47 M
- Effective dust extraction from between the brush ring and the sanding pad (round) and through the 10-hole extraction ports prevents premature clogging of the abrasive and promotes a healthy, dust-free working environment
- The brush ring is spring-mounted so that the round sanding head accurately follows all uneven contours. This allows the head to be applied with fingertip precision and also prevents any dust escaping
- Ideally suited for sanding plaster boards, solid Styropor insulation slabs, preparation for painting, polishing
